

Audit Trail – file history

Via the *'Audit Trail'* function, you can see the development of a file.

This means that every time a file is edited, moved, copied sent from one state to another etc., ProjectWise records who has performed the action and when and enters it in the *'Audit Trail'*.

The *'Audit Trail'* can be accessed by right-clicking on a file and selecting *'Properties'*. Select the *'Audit Trail'* tab to see the file history.
